

THE PARENTS' ROSARY

5 minutes a day that can
change our children's lives!

What is it?

- The Parents' Rosary is based on the idea of **the Living Rosary**
- It's mission is to pray one decade of the Rosary for the intention of our children
- Each group is made up of 20 people,
- **All parents may enroll**, regardless of their children's ages or situation (pray for you small children, teens or adult children)

Why join?

- **The greatest protection we can provide for our children is prayer**
- Our Lady invites us to pray the Rosary
- By praying the Rosary, we grow closer to God the Father through Jesus
- Mary is never outdone in generosity, If we ask for her protection and give her the right to lead our families closer to God through her intercession, she'll take care of our loved ones better than we ourselves can.

How to pray?

- **It requires only 5 minutes daily.**
- Pray your decade anytime: while driving, working, before bed, etc.
- (See other side for more details.)

The Association of the Living Rosary was founded in Lyon, France by Ven. Pauline-Marie Jaricot in 1826. It is a powerful devotion dedicated to Our Lady. The Living Rosary is a method adopted for the praying of the Rosary which consists in dividing the prayers among twenty people; one mystery to each member. In this way, the precious devotion is practiced everyday entirely and through all twenty people. The members, united spiritually, form with their hearts a 'Living Rose' in the flourishing field of Our Lady's Rosary Garden.
